

Delicious!

That is the likely comment on pie made with

First of all, pie properly made with Crisco looks tempting. The crust has a rich, flaky appearance that puts a new edge on the appetite no matter what dainties have gone before.

Then, it is so tender that it breaks at a touch of the fork. Even the under crust which becomes tough so easily, cuts as readily as the upper crust.

Finally, it tastes rich, yet delicate; fresh, palatable, delicious in every sense.

PLAIN PASTRY

1 1/2 cups flour 1 teaspoonful salt
1/2 cup Crisco cold water
(Use level measurements)

Sift flour and salt twice and cut Crisco into flour with knife until finely divided. Finger tips may be used to finish blending materials. Add gradually sufficient water to make stiff paste. Water should be added sparingly and mixed with knife through dry ingredients. Form lightly and quickly with hand into dough; roll out on slightly floured board, about one-quarter inch thick. Use light motion in handling rolling-pin, and roll from center outward. Sufficient for one pie.

Rainbow Radiance of Boudoir Gown—Many Different Materials for Boudoir Costume—New Draperies for the Child's Bedroom Have Educational Features—A Pretty Ribbon Collar—How to Serve Potatoes; Seven Ways.

BEAUTY IN THE BOUDOIR.

In the direction of the boudoir gown the feeling for rainbow radiance is specially marked, and as to styles to be observed, it follows that no limit be placed on the creative genius of the clever costumiere, whose fancy in the matter of cut and color is given free rein. The little shoulder capes, the wide turnover collars, the short, straight coats now in vogue, and the varied forms of stole and pelorine provided for wear over the transparent corsage, which is the corsage of the moment, are excellently adapted for diversity in the matter of color treatment.

Gossamer chiffon and still brocade of an Oriental gorgeousness of hue and satin lace—none of these materials comes amiss to the dressmaker with ideas. The gorgeous costumes of the Princess of India have inspired some of the boudoir coats, which are not only eastern in the splendor of their coloring, but in actual shape resemble more than a little the long coat which so often forms part of the Oriental's dress. Large paste or enamel buttons, such as the native loaves, lend an added touch of realism, and the slightly decollete neck is often bordered by a band of fur. La Mode never does things by halves, and when it comes to the point of paying compliments she can hold her own with the most accomplished flatterer.

DRAPERIES THAT EDUCATE.

New hangings, designed for children's rooms, have an educational as well as a decorative purpose. Window curtains, draperies for book shelves, and other hangings are made of unbleached muslin; across the bottom is stenciled a pattern of tall grasses, mixed with thistles and milkweed stalks, cattails and sunnys. These are true to nature and can easily be distinguished by the child. Above the grasses are stenciled birds of various sorts, in colors as nearly correct as possible, which may be used to teach the children bird lore. The birds are outlined with silk stitches, which make them stand up from the cloth and seem very real. In other designs, butterflies are used in place of birds, and various field flowers instead of grasses.

HOW TO SERVE POTATOES.

Serve potatoes plain boiled only when new.
With roast meat serve potatoes mashed, or roasted in the pan with the meat.
With fricasseed meats serve baked potatoes.
With boiled steak serve creamed potatoes with a crisp fried vegetable like eggplant.
With roast pork serve baked potatoes, a green vegetable and a sour apple sauce.
With roast chicken serve mashed potatoes, onions and a sour jelly.
With roast lamb serve mashed potatoes; green peas or string beans, and a mint sauce.

A PRETTY COLLAR DEVICE.

A pretty collar noted on an afternoon dress was shaped from a strip of soft ribbon or silk, sewed to the back at the back; it passed then across the bare throat above the open front, and was clasped there under a fancy buckle.

FATHER CUSHNAHAN ELECTED CHAPLAIN

Salt Lake, May 10.—Dr. John J. Galligan, former grand knight of Salt Lake council, was elected state deputy of the Knights of Columbus at the annual state council meeting held here yesterday. Dr. Galligan succeeds D. J. Laramie, also of Salt Lake, who has served as state deputy for the past year. Mr. Laramie and Dr. Galligan were elected as the Utah delegates to the national convention of the order, which will be held in Des Moines, Iowa, this coming summer.

One of the features of the convention was the election of the Very Rev. P. M. Cushnahan of Ogden, vicar general of the Catholic diocese of Salt Lake, as the first state chaplain. Father Cushnahan is the first priest

to fill that office in the state, owing to the fact that diocesan regulations only recently permitted priests to become members of the order.

The state council was called to order at 10 o'clock yesterday morning by State Deputy Laramie in the club rooms of the local council at the Hotel Utah. Delegates were present from the councils at Park City, Ogden and Euroka, as well as from Salt Lake council. A number of business matters were transacted during the morning session, and at noon a luncheon was served the visiting delegates in the Hotel Utah.

In the afternoon the election of officers was held. In addition to the officers mentioned, J. A. Funk of Ogden was elected state secretary; N. H. Bonner of Euroka, state treasurer; J. F. Flannigan of Park City, state advocate; J. T. McLaughlin of Park City, state warden; D. G. Hunt of Salt Lake, state lecturer. J. H. Donnelly of Euroka and C. A. Maguire of Ogden were elected alternates to the national convention delegates.

A resolution was adopted pledging the support of the state council to the Rt. Rev. Joseph S. Glass, bishop of the diocese, who had been appointed since the last state convention. Another resolution was passed, congratulating the Very Rev. Father Cushnahan on his appointment as vicar general of the diocese.

Announcement was made at the convention, also, that William J. McGinley, supreme secretary of the Knights of Columbus, would arrive in Salt Lake Friday morning and would attend a special meeting of the local council in his honor Friday night.

State Deputy Laramie also informed the delegates that arrangements were being made for a lecture by Peter W. Collins on "Socialism." Mr. Collins, who is touring the country to give the Catholic viewpoint on Socialism, will be here on May 23. The place where he will lecture has not yet been selected.

WOMEN! HERE IS A MONEY SAVER

Use gasoline to dry clean family's clothes and save \$5.

Dry cleaning at home is just as simple as laundering. Any woman can clean five dollars' worth in fifteen minutes at little cost by getting from the drug store two ounces of solvite and put this in two gallons of gasoline where it quickly dissolves. Then immerse articles to be cleaned; rub a little and in a few moments the gasoline evaporates and the articles look bright and fresh as new.

You can dry clean silk waists, dresses, coats, ribbons, kid gloves, satin shoes, evening slippers, shawls, belts, yokes, furs, boas, muffs, neckties, lawns, dimity and chiffon dresses, draperies, fine laces, lace curtains, woolen garments, in fact, any and everything that would be ruined by soap and water and dry cleaning doesn't fade, shrink or wrinkle, making pressing unnecessary.

Your grocer or any garage will supply the gasoline and you can obtain two ounces of solvite at the drug store, which is simply a gasoline soap. Then a wash boiler or large dishpan completely your dry cleaning outfit. "As gasoline is very inflammable, be sure to do your dry cleaning out of doors or in a room away from fire or flame, with the windows left open."

CANNOT BE LURED AWAY FROM ALASKA

Mrs. Mary E. Hart.

When the great Alaska gold fever swept over this country more than fifteen years ago, Mrs. Mary E. Hart was one of the few women to make her way to the frozen north. She has since accumulated a small fortune, but she refuses to return to the states, and says she is happier in Alaska than she could possibly be in any other place.

GERMAN AEROPLANES BURN.

Copenhagen, May 9, via London.—Reports have been received here that a few days ago fire broke out in an aeroplane factory at Altona, Prussia, an explosion occurring while a machine was pouring petrol into a machine. Sixty-two other machines, ready for service or partly completed, were destroyed, together with the factory, according to reports.

OGDEN PROOF

Mrs. Nelson McCarty, 2728 Grant Ave., says: "I had frequent attacks of lumbago, sometimes making it impossible for me to bend over or do my housework. My kidneys acted too frequently, causing considerable annoyance. Since taking a few boxes of Doan's Kidney Pills, procured at the Culley Drug Co., I have felt no further signs of the complaint."

WOMAN NEEDS ALL HER STRENGTH

The woman who has a bad back is in constant pain, for her work must be attended to just the same. Any other member of the family would have prompt and loving care, but the mother is inclined to neglect her own ills.

So, many a woman who needs all her health and strength to stand the work and worry of keeping house becomes a chronic kidney sufferer.

Don't neglect a backache, lame back, disordered action of the kidneys, dizziness, headaches and blue or nervous spells. Probably it's all the result of kidney weakness. Women all over the world recommend Doan's Kidney Pills for just these troubles, and weak, delicate women can take them freely, for Doan's contain no

harmful, poisonous or habit-forming drugs. They act quickly and do lasting good.

ELKS PAY TRIBUTE TO DR. C. F. OSGOOD

Ogden Lodge No. 719, B. P. O. E., at its regular meeting last night, paid a fine tribute of respect to the late Dr. C. F. Osgood. It was contained in the report of a specially appointed committee to prepare it. The report follows:

"We, your committee, to whom was referred the matter of preparing suitable sentiments respecting the death of Brother Charles Frederick Osgood, beg leave to report as follows:

"In Memoriam, Bro. Charles Frederick Osgood. So completely was the life of our brother, Dr. Charles Frederick Osgood, interwoven with the fabric of our community life, that his deplorable sudden passing out of it has created a void impossible to fill. Not only as a physician, conscientious in the extreme, brilliant in achievement and faithful unto death did he endeavor himself to the thousands of his patients throughout this intermountain country, but by his sterling qualities, by his unblemished integrity as rock-ribbed as our rugged mountains, by his optimistic cheerfulness radiating sunshine in the sick room and the meeting place, and upon the highways and byways wherever he came in contact with the men and women who live amongst us, by his keen and active interest in all that made for the advance and uplift of this community in which he had cast his lot, did he become so generally known and loved that his influence for good will outlast the span of his natural life, will be one of the permanent assets of our history and will enrich our annals of progress for all time to come.

"Especially does this lodge register its deep sense of loss in the death of a member who was ever ready to do his share in the great work of this order, who willingly lent his aid and assistance in the acquirement and the building of our home, and all during the period of his membership labored to the end that this lodge should be actuated by those highest motives, those loftiest ideals, which constitute the inspiration of its coming into being and the foundation and groundwork of its existence.

"In his life here upon the earth he was an exemplar of the great principles of our order, of that charity which finds its fruition in act and

deed, of that justice which is pure and undefiled, of that brotherly love which should rule the world, and these all, with fidelity, he made the warp and woof of his own life.

"Let the record then of such a life be emblazoned upon the pages of our minutes and a copy of it be sent to his stricken family, that by such means they may know the love and affection which this lodge and its membership bore to their son, brother, father—in order that mingled with all the other manifestations of regard which may be extended to them, ours may help as far as possible to make them realize how united we all are in our sentiments towards him who is no longer with us, how all together we would strengthen them in facing the grief that is primarily theirs but also ours, and may they from all this become convinced how fervently we pray that the grand exalted ruler of all shall vouchsafe to them in their affliction the comfort which passeth our human understanding.

(Signed),
J. A. HOWELL,
J. H. KNAUSS,
FRANK CHAPIN,
"Committee."

GENERAL BYN CHIEF OF CANADIAN FORCES

Ottawa, May 9.—Major General Sir George Byn, a divisional commander of the regular British army since the outbreak of the European war has succeeded General Alderson at the front in command of the Canadian overseas forces, according to an official announcement here tonight. General Alderson has retired and will return to England, it was said.

General Byn served in India and South Africa and was promoted to his present rank in 1909. He was born September 11, 1862, the seventh son of the second earl of Strathford.

BERLIN HAS MEAT FOR BUT FEW DAYS

London, May 9, 7:50 p. m.—A Copenhagen dispatch to the Exchange Telegraph company says that the police of Berlin searched the shops and dwellings of the butchers today for hidden stocks of meat. The result showed that the supply of meat in Berlin is sufficient for only a few days. For this reason the food question overshadows all others.

All the butcher shops, including Wertheim's large meat market, have now closed. The best quality of meat now costs 14 marks per kilo (2.29 pounds).

J. M. FORRISTALL OF OGDEN IS GRAND COMMANDER

J. M. Forristall of Ogden was chosen grand commander of the Grand Commandery, Knights Templar of Utah at the seventh annual convocation of the order in Salt Lake Tuesday. He succeeds C. F. Jennings. Other grand officers elected follow:

Deputy commander, John A. Houghton, Salt Lake; generalissimo, William F. Adams, Salt Lake; captain general, F. C. Richmond, Salt Lake; senior warden, William J. Lynch, Salt Lake; junior warden, Daniel Konold, Park City; treasurer, Ira H. Lewis, Salt Lake; recorder, W. A. Raddon, Park City; prolate, Samuel Paul, Salt Lake; standard bearer, Dr. Warren Benjamin, Salt Lake; sword bearer, Harry C. Baker, Ogden; warden, Frank Parker, Ogden; captain of guard, J. A. Reeves, Salt Lake.

Nearly 100 were in attendance at the convocation from Malta commandery No. 3 Park City; El Monte commandery No. 2, Ogden, and Utah commandery No. 1, Salt Lake. The morning session was given over to the address of the retiring grand commander, reports and routine business. At the noon hour the representatives were guests of Grand Commander Jennings at a luncheon at the Commercial club. Officers were elected during the afternoon, and installed by the retiring grand commander during the evening session. A banquet followed at which brief talks were made by Daniel Konold, Henry Hughes, C. F. Jennings and W. J. Lynch. A past grand commander's jewel was presented to Mr. Jennings.

GARMENT WORKERS HAVE RESOLUTION PASSED

Eureka, May 9.—The Utah State Federation of Labor opened its session here at 9 o'clock this morning and continued throughout the day. Although much business came before the federation and many resolutions were adopted, it will be necessary to continue the meeting tomorrow morning in order to complete all details. D. F. Lewis, president of the state federation, presided.

During the evening a banquet and dance were given in honor of the delegates in the Miners' hall. The election of officers for the ensuing year will take place tomorrow morning. A report that Pearson's magazine will hereafter use the union label and also publish a series of articles favorable to union labor was received and passed on.

Constitution Changed. The constitution of the federation was changed regarding the auditing committee. Hereafter this committee will be known as the committee on credentials, and will meet on the day previous to the convention to audit books, pass on credentials and propositions.

The convention indorsed the action of the Salt Lake Federation in declaring the Purity Biscuit company and the Sperry Flour company of San Francisco as unfair to labor. Request was made of the American Federation of Labor to stand one-half of the expense of an organizer to secure new trade and also build up old trade in the state.

A resolution was adopted protesting against the legislature passing a state-wide prohibition law, based on the contention that the state now has local option and communities can have prohibition if they so desire. A resolution was adopted protesting against methods pursued in convicting John R. Lawson and other labor leaders in the southern Colorado coal strike. The executive board was instructed to forward a copy of the protest to the governor of Colorado.

FOR UTILITIES COMMISSION.

A resolution was adopted requesting passage by the state legislature of a law creating a public utilities commission.

A resolution was adopted demanding home rule for all cities in the state, the resolution being the outgrowth of an injunction restraining Salt Lake from dredging the outlet canal.

The federation indorsed the American Federation of Labor's model anti-injunction bill in labor disputes, and the legislative committee was instructed to work for enactment of similar laws in Utah.

The federation went on record as opposed to proposed plans of the American Association for Labor Legislation in reference to health insurance.

Garment workers of Ogden introduced a resolution, which was adopted asking the unions to give preference in their purchases to their garments.

Delegate Kempton, who represented the Utah federation at the last ses-

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MARY ASBACH, North Crandon, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCasland, 909 Have St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Osgood, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

tion of the American federation, held in San Francisco, made the statement that the remarks made by him at San Francisco in connection with the Hillstrom case were his personal opinion, and also that he was not correctly quoted in the report. A proposal to change the time of meeting of the federation to the second Monday in October, instead of the second Monday in May, was defeated. A resolution was adopted calling upon congress to extend the principles of rate legislation and usury laws to the trusts, in place of the present policy of trying to dissolve the trusts, and to limit the profits or dividends to 10 per cent of the actual cash investment. A resolution was passed urging Utah representatives in congress to vote for the impeachment of Judge Dayton of West Virginia. Propositions Favored. F. E. Morris, C. O. Wilson and A. F. Moore, representing the Salt Lake Typographical union No. 115, proposed the following propositions, which were unanimously adopted: Urging various unions to work for more sanitary conditions in the shops and asking legislature to enact laws looking to this end. Indorsing Union Label league of Salt Lake and urging affiliated unions to establish similar leagues in every Utah city. Resolution asking legislation to provide for the printing of all school

text books under the direction of the state, this plan having proved economical and satisfactory in other western states. Resolution withdrawing indorsement previously given the Inter-Mountain Worker and repudiating that paper. Resolution indorsing the new labor paper to be owned and controlled by the Salt Lake federation, and accepting invitation to appoint one member of the board of control. Resolution demanding of the American Federation of Labor that it inaugurate a proposition looking to the establishment of a universal label of uniform design for all organizations chartered by it.

DAUGHTER KILLS MOTHER. St. Louis, Mo., May 9.—Mrs. Helen Moore shot and killed her mother, Mrs. Helen Paus, today after a quarrel. Mrs. Moore was arrested. She told the police that her mother yesterday threw a tub at her and struck her with a washboard.
